Dear Mr. And Mrs Manley:

Kindly accept my somewhat belated congratulations on having brought the baseball pennant and championship to Newark. Throughout the season I had many thrills at the spectacular plays made by the different Eagle players. I doff my hat to the players, because it was they, who by their hard work and close cooperation, made it possible for us to have something tangible to cheer about.

Here is hoping that we wshall repeat the performance next season. I am

Yours truly,

E.F. Bacote, M.D.
